CENTURY - RAYON

SHAHAD 421 103.

SECTION I : MATERIAL IDENTIFICATION & USE : SULFURIC ACID 98.5%

	ble	Not applica	Y-s/No - NO
Material : SULFURIC AC Name/Identifier : H ₂ SO ₄	CID 98.5% - MOLECULAR	WEIGHT 98.0	Flash Point (°C) & Method 1-
Manufacturer's Name:	CENTURY RAYON	Supplier's Name:	CENTURY RAYON
Street Address	MURBAD ROAD	Street Address	MURBAD ROAD
City grantizio	SHAHAD (Dist Thane)	City	SHAHAD (Dist Thane)
State MA	HARASHTRA	State	MAHARASHTRA
Postal Code	421 103	Postal Code	421 10 desem dila trans
Emergency 0251-27336	70-79 , Ulhasnagar	Tel No	0251-2733670-79
Chemical Name	SULFURIC ACID	Chemical Name	H ₂ SO ₄ Hillost Enimeter
Trade Name & Synonyms	SULFURIC ACID Oil of Vitriol Dipping		:- In Rayon Manufacture. for many industries, electro-

SECTION II: HAZARDOUS INGREDIENTS OF MATERIAL

Acid

Hazardous	Approximate Conc %	C.A.S. or UN	L.D. 50 (Specify	LC 50 (specify
Ingredients		Number	Species & route)	Species & Route)
Corrosive	98.5%	UN Number 1830	Through skin & Vapour inhalation	Material Isame/Indentifi <u>c</u> r

SECTION III : PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR THE PHYSICAL DATA FOR MATERIAL TORY AND DESCRIPTION OF THE PHYSICAL DATA FOR THE PHYSICAL

Physical State manno ava Gas/Liquid/Solid moissimi LIQUID	Odour & appearance Sharp penetrating odour oily dense liquid	Odour Threshold (ppm) 1 mg/m ³ = 0.2 ppm (TWA)	
Specific Gravity marragel 1.834	Vapour Pressure (mm) and at 145.8°C = 1mm/tts=18	Freezing Density (Air -1) 2.07	
Evaporation Rate :-	330°C OS CH To moltaled	Freezing Point (°C)	
Solubility in water (20°C) - Miscible with water in all Proportions		Density (g/ml) _a 1.834	

Coefficient of Water/ Oil Distribution Melting Point 10.49°C

SECTION IV : FIRE AND EXPLOSION HAZARD OF MATERIAL

Flammability 8 0004 0190 Yes/No - NO	Means of Extinction Not applicable		Special Procedures Portage	
Flash Point (°C) & Method :-	Upper Explosive Limit (% by vol)		Lower Explosive Limit (%. by vol)	
Auto-ignition (°C):-	TDG flammability Class 8 (corrosive)		Hazardous combusticn Product - Violent Splattering occurs if water is added

SECTION VI : TOXICOLOGICAL PROPERTIES OF MATERIAL

Skin Contact Manual Manual INJURY/BURNS	Skin Absorption & 10000 CAUSES BURNS - quade	Eye Contact Irritation - needs flushing with water for 15-20 Mts.
Inhalation Acute of golsson Breathing problem	Inhalation Chlonic Breathing Problem	Ingestion Unconsciousness

EFFECTS OF ACUTE EXPOSURE TO MATERIAL

Damages dental enamel. Inhalation of H₂ SO₄ fumes causes irritation to nose and throat. Damages mucous membrane. Bleeding from nose, conjuctivities of eyes, over exposure gives pulmonery odema, dermititis

Irritancy of material Exposure limit (s) Effects of Chronic Exposure to Material 1 mg/m3 of air Damages mucous membrane Damage to dental enamel Pulmonery odema breathing problem, causes Necrosis of Teeth Tooth Necrosis Pulmonery Fibrosis; SENSITIZATION TO MATERIAL (Carcinogenically, Reproductive effects, Tetratogenically, CARCINOGENOUS TO LUNGS Mutagenicity) Necrosis, damage to teeth enamel and mucous membrane SYNERGISTIC MATERIALS and tissue damage SECTION VII : PREVENTIVE MEASURES Use Personal protective equipments, showers and eye foutains Plenty of water connections to wash spillage and body burns 2 When water is added onto acid surface, exothermic reaction causes splatter which can burn face or hands of persons adding the water; hence protective face shield gloves apron (rubber/PVC) must be used. PERSONAL PROTECTIVE EQUIPMENT Gloves (Specify) Rubber/Neoprene/PVC Respiratory (Specify) Air hose line apparatus with mask Eyes (Specify) face shield acrylic, covering full face Gumboots, rubber or PVC Footwear (Specify) Clothing (Specify) Cotton Others (Specify) ENGINEERING CONTROLS (e.g., Ventilation, enclosed processed etc) pl. specify Leak & SPILL PROCEDURES WASTE DISPOSAL Cover spillage with sand. Nautralise with calcium hydroxide or soda ash or calcium cartonate. Wash with copious amount of water carefully. Do not neutralise with

caustic soda as reaction is exothermic

Handling in carboys, drums, bottles and

HANDLING PROCEDURES &

through popelines inside the plant

EQUIPMENT

TGD Class 8 - Corrosive, HAZCHEM SYMBOL: 2 P, SYMBOL (Liquids, spilling from two glass vessels and attacking a hand and a metal) Black, BACKGROUND: Upper half white, Lower Half Black with white border.

SPECIAL SHIPPING INFOMATION

STORAGE REQUIREMENTS

in MS Tanks

Concentrated sulfuric acid can be stored

SECTION VIII : FIRST AID MEASURES

FIRST AID MEASURES

- Skin contact wash with water for atleast 15 minutes
- Eye contact wash with eye foutains for atleast 15 minutes 2
- Inhalation remove patient to FRESH AIR. If breathing ceased, give artificial 3 respiration - transfer patient to hospital
- Ingestion (a) If conscious, give large quantity of water to dilute the acid give milk if available, keep patient warm, (b) If unconscious get medical attention.

SOURCES USED

- Fire Safety Data Sheet No FS 09 LPA
- 2 Safety Code for Sulfuric Acid - IS 4262 - 1967
- Dangerous properties of Industrial Materials by N Irving Sax 3

ADDITIONAL INFORMATION

- Do Not neutralise acid spillage on skin with alkali
- No ointment should be applied
- No EYE ointment should be used

SECTION IX: DATE OF PREPARATION OF MATERIAL SAFETY DATA SHEET

Prepared by Safety Deptt, CENTURY RAYON, SHAHAD - Phone No:

Ulhasnagar

date:

0251-2733670-79

NOTES

- CAS or UN Number Chemical Abstract Service or United Nations (UN)
- LD-50 Lethal Dose 50 (LD 50 Specify species and route)
- 3 LC-50 - Lethal concentration 50% (LC-50 specify species & route)
- TDG flammability Transport of Dangerous Goods Flammability Classification by United Naions.
